

Deere-Hitachi Internships Summer 2019

The Hydraulic Excavator has become the one of the primary pieces of equipment for construction. If you are digging foundations, constructing roads or bridges, building pipelines or creating infrastructure, hydraulic excavators create a competitive advantage. Making sure this equipment is available for our rapidly growing world is what we are all about at Deere-Hitachi. Deere Hitachi Construction Machinery Corporation was formed in 1988 and is a joint venture between John Deere and Hitachi to manufacture hydraulic excavators for the construction industry. We have approximately 800 employees and produce mid-sized excavators for North, Central, and South America. We are located in Kernersville, NC. More information can be viewed at www.dhkernersville.com

Location: Kernersville, NC

Title: Summer Internships 2019

The Summer 2019 Internship Program is for students enrolled in major fields of study that align with full-time employment opportunities at Deere-Hitachi. Students may enter the program during undergraduate or graduate studies. The majority of our internship experiences are offered in the summer months, usually lasting 13 weeks.

What Skills You Need:

- Strong verbal and written communication skills
- Demonstrated planning, strategic thinking, and analytical skills
- Upper-class undergraduate status majoring in Mechanical Engineering, Business, Information Systems or related field
- Ability to work with others in a collaborative environment
- Ability to analyze and solve problems
- Minimum GPA of 3.0 preferred

Work Statement: US Visa sponsorship is not available for this position.

What You'll Receive From The Experience:

At Deere-Hitachi, you are empowered to learn from one of the premier manufacturing organizations in the Southeast. You will have the ability to explore career paths in all aspects of the manufacturing process. Here, you will enjoy the freedom to explore new projects, the support to think outside the box and the advanced tools and technology that foster innovation and achievement. Interns receive competitive compensation and the organization will support a portion of housing costs during the summer months.

The information contained herein is not intended to be an exhaustive list of all responsibilities and qualifications required of individuals performing the job. The qualifications detailed in this job description are not considered the minimum requirements necessary to perform the job, but rather as guidelines.

Deere-Hitachi is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to, among other things, race, religion, color, national origin, sex, age, sexual orientation, gender identity or expression, status as a protected veteran, or status as a qualified individual with disability.
